

STEP-BY-STEP GUIDE TO BECOME A MILLIONAIRE WITH THE CLUB DE MILLIONAIRES SCHEME

Introduction: Club De Millionaires Scheme is embedded with opportunity to glide into the millionaires club. This scheme will be guided by Finitema instruments to earn from referral and hosting fees. Here, your money works for you with significant marketing efforts. This scheme is for entrepreneurial and marketing inclined persons who desire fortune. This brochure contains the step-by-step procedure to guide you become a millionaire shortly.

Objectives of Finitema: This is a web driven programme with three objectives and not the nominal online business. It is sales booster programme with four transaction windows for members to buy or sell. Finitema is designed to generate broad spectrum employment opportunities and it is a programme laden with features for empowerment of the members.

Finitema Instruments: Finitema platform is an expanded e-commerce programme with four distinct transaction instruments. The instruments on the programme will operate like OLX.com, Jumia.com and ebay. The fourth variant will be unique to the programme, but fully described on the website. The programme will be launched with just one of the instruments running, while the other three instruments will roll out with expanded membership.

Advantages of Participation: Club De Millionaires Scheme enables participants to leverage on and maximise the contacts at their disposal. The scheme is designed to make participants emerge as millionaires within a year of enlistment. Participants can monitor the transactions on their accounts after admission on the scheme and have control over them.

Operational Requirements: A participant should set up fifty business accounts and fund each with N1000. Thereafter, enlist 20 Nigerians as business downline into each of the fifty accounts. Secondly, make each of the downline to also enlist 20 business downline into their accounts. These two requirements should be met to belong to this club. The maximum time frame to achieve these tasks of downline enlistments is 90 days.

Significance of Account Funding: Referral accounts create buoyant hosting base on the website to absorb initial traffic of registrants. Thus, account funded with N1000 will host and transmit SMS to over 200 incoming members. A referrer is the host to all the persons added as their downline; and a business downline is one who has activated a business account.

The web credit at this stage is to transmit confirmation SMS to new members who select you as referrer on registration form at N5 per downline. The SMS message carries their username and password, mindful that several registrants may lack email addresses. Thus, this scheme will increase membership hosting base, but email alert is transmitted free.

Earnings from participation: The main thrust of this scheme is for participants to add 20 business downline per account. Each business downline should also enlist 20 business downline into each of their accounts; and the accounts will be spotlighted to earn maximally.

How to Earn on Finitema: There are three ways to earn on this programme. The first way is 2% referral fee. A registrant who selects you as referrer at registration becomes your downline. Thus, you get 2% as commission or referral fee whenever they make withdrawals.

The second way is 5% hosting fee. The company will host assets on account pages based on the number of downline to earn in the income account as hosting fee. The third way to earn is through the personal activities of individuals on the programme.

Permissible number of Participants: The scheme requires each participant to create fifty business accounts. Kindly note that only 100 participants will be accommodated on first come, first served basis. Hence, once 100 participants have satisfied the operational requirements stated above, the scheme will cease to accept more entries.

Target Audience: Those to participate on Finitema include students, applicants, employers, entrepreneurs, artisans, traders, business owners and investment minded persons. This scheme is open to entrepreneurial and marketing inclined persons seeking for opportunities.

Payment System on Finitema: Finitema Recharge Voucher is the main payment system on the website. The voucher disconnects this platform from banking platforms to secure all transactions. When the voucher is loaded, the account gets credited. The credit can be used for online shopping, text messaging and for bidding to make more money on the programme.

Source of Finitema Voucher: The voucher is available and printable from the website and will generate great earnings for main dealers, sub dealers and retailers nationwide.

General Participation: Registration and membership is free on Finitema programme for expanded participation. The referral scheme is designed to speed up membership build up. The reward system is to incentivize members to freely add their friends as downline.
