

## **STEP-BY-STEP GUIDE TO EARN OVER N100 000 MONTHLY FROM MEMBERSHIP HOSTING SCHEME**

**Introduction:** Membership Hosting Scheme is embedded with opportunity to make over N100 000 monthly. This scheme will be guided by Finitema instruments to earn over 200% monthly returns. Hence, your money works for you without any additional efforts. This brochure contains the step-by-step procedure and guide to earn over N100 000 monthly.

**Objectives:** This is a web driven programme with three objectives and not the nominal online business. It is sales booster programme with four transaction windows for members to buy or sell. Finitema is designed to generate broad spectrum employment opportunities and it is a programme laden with features for empowerment of the members.

**Finitema Instruments:** Finitema platform is an expanded e-commerce programme with four distinct transaction instruments. The instruments on the programme will operate like OLX.com, Jumia.com and ebay. The fourth variant will be unique to the programme, but fully described on the website. The programme will be launched with just one of the instruments running, while the other three instruments will roll out with expanded membership.

**Advantages of Participation:** Membership Hosting Scheme is an investment opportunity designed to yield over 200% monthly returns. Participants have absolute control over their accounts and can monitor transactions hosted on them. These accounts create hosting base to absorb members registering on the website. Only the accounts on this scheme will be assisted by the programme to host downline to guarantee over 200% monthly returns.

**Investment mechanism:** Participants in this scheme are required to set up multiple accounts and fund each with N1000 only. The electronic or virtual money remains the possession of the account holder until utilised. The risk is minimised because all the funded accounts begin to yield income immediately assets are hosted on them.

**Significance of Hosting Accounts:** These are referral accounts to create buoyant hosting base on the website. The accounts are designed to absorb initial traffic of registrants. Thus, investment of N50 000 will be used to create 50 accounts and each funded with N1000. Each account has referral status to host and transmit SMS to 200 incoming members.

Referrers invariably host the persons added as their downline. However, there is an associated cost of N5 for SMS alert transmission at registration to any downline. This cost is borne by the person selected as referrer on the registration form. Thus, membership hosting scheme is to create robust hosting base, but email alert is transmitted free.

**Web Credit in Hosting accounts:** The electronic money or web credit at this stage is to transmit confirmation SMS to new members who select you as referrer on registration form

at N5 per downline. The SMS message carries their username and password, mindful that several participants living in remote locations lack email addresses.

**Earnings from participation:** Hosting accounts will be profiled to earn over 200% monthly returns on continuous basis without further efforts from the participant. The task of adding friends as downline is taken off the account holder. The programme has a responsibility to add minimum of twenty persons as business downline to every account on this scheme.

**How to Earn on Finitema:** There are three ways to earn on this programme. The first way is 2% referral fee. Whenever, a registrant selects you as referrer at registration, they become your downline. Thus, whenever a car dealer sells a car for N1.0m and makes withdrawal from their web account, you get 2% or N20 000 as commission or referral fee.

The second way is 5% hosting fee. The company will host assets on your account page based on the number of downline. Thus, when a car is sold for N1.0m on your account page as showroom, 5% or N50 000 is transferred to the income account as hosting fee. The third way to earn is through the personal activities of individuals on the programme.

**Permissible number of accounts:** Minimum of ten accounts of N10 000 and maximum of one hundred accounts of N100 000 per person is permissible. Kindly note that limited number of funded accounts will be accommodated on this scheme on first come, first served basis. Hence, the scheme will cease to accept more entries once this number is attained.

**Target Audience:** Those to participate on Finitema include students, applicants, employers, entrepreneurs, artisans, traders, business owners and investment minded persons.

**Usage of Finitema Voucher:** Finitema Recharge Voucher is the main payment system on the website. The voucher disconnects this platform from banking platforms to secure all transactions. When the voucher is loaded, the account gets credited. The credit can be used for online shopping, text messaging and for bidding to make more money on the programme.

The usage of the voucher to make more money, particularly on the modified bid window, will be demonstrated during the seminars. There is conviction that the voucher will enhance and broaden the participation of people living in remote locations, without internet access or computers but have GSM phones. It will generate great earnings for the dealers also.

**Source of Finitema Voucher:** The voucher is available and printable from the website and will generate great earnings for main dealers, sub dealers and retailers nationwide. Shortly, the voucher will circulate and be obtainable from recharge card sellers nationwide.

**General Participation:** Registration and membership is free on Finitema programme for expanded participation. The referral scheme is designed to speed up membership build up. The reward system is to incentivize members to freely add their friends as downline.

## **Step by Step Guide to Earn over N100 000 monthly from MHS**

**Step 1: Registration on website:** Register free on the website to own a basic account. Afterwards, text MHS ENROLMENT, name, username and desired number of accounts to 08100517768. This will enable admin capture participants for membership hosting scheme.

**Step 2: Telephone interaction:** Participants are expected to call-in for brief telephone interaction to establish basic facts about commitment for this scheme. Kindly note that only short-listed and approved persons will be expected to proceed to step three below.

**Step 3: Business account activation and Funding:** Load N1000 Finitema voucher into the account if available. Alternatively, make payment of N1000 into Infinitema Ltd bank account with Access or Zenith Bank. Kindly quote your username as depositor and login to your basic account to **order web credit**. Text MHS ACTIVATION, username, Bank, amount, GSM and date to 08100517768. Admin will transmit SMS to confirm transaction.

**Step 4: Registration for the Scheme:** Register for the membership hosting scheme by submitting the Form attached. The completed form should be sent to [info@finitema.com](mailto:info@finitema.com). The supplementary accounts should be created as downline to the first account. Establish telephone contact and send text message to 08100517768 to confirm the submission. The registration form will be evaluated and the outcome will be communicated to the registrant.

**Step 5: Funding of Multiple Accounts:** The fifth step is to fund all the supplementary accounts at once. The projection to earn N100 000 monthly suggests that 50 accounts should be created. Each of the accounts should be funded with N1000 following the same procedure in step 2 above. Text MHS MA ACTIVATION, username, Bank, amount, GSM and date to 08100517768. Admin will process transaction and send confirmation SMS.

Supplementary account funding should be done after asset has been hosted on the first account to monitor the earning performance. Kindly note that limited number of funded accounts will be considered for this scheme on first come first served basis.

**Step 6: Account Monitoring:** Ensure each account hosts assets over N50 000 monthly by liaising with the account officer. The accounts in membership hosting scheme will start to yield income from the first month of activation. Each account will earn 5% of the cost of asset as hosting fee after sale. Accounts with downline activities will also earn 2% referral fees.

**Step 7: Withdrawals from web accounts:** Get set to withdraw over N100 000 monthly if 50 accounts were created on the website. Any amount of money that has accrued in any of the income accounts can be transferred to the Bank. Fill and submit the withdrawal form on the website. The form will be processed and fund transferred to your bank account.

**Finitema Advert Team 2015**

## REGISTRATION FOR MEMBERSHIP HOSTING SCHEME (MHS)

I, ....., Hereby express a desire to participate in the membership hosting scheme (MHS) running on [www.finitema.com](http://www.finitema.com) website; and wish to create ..... number of accounts.
